☐ I wish to donate my entire incentive for products listed above on this form to **Project Share**, an energy assistance program in which Gulf Power partners with the Salvation Army to help those in need.

## Residential Variable Speed Pool Pump Program

The objective of this program is to encourage customers to replace existing older or poorly functioning pool pumps with the most efficient Variable Speed Pool Pump equipment available in order to reduce energy use associated with pool pumps. In addition, it is the intent of this program to influence the initial purchase decisions of customers who are building or considering the construction of a new pool.

**Eligibility:** This program is available to all Gulf Power residential customers in new and existing single and multi-family homes who are building a new swimming pool or replacing a single-speed filtration pump motor that services an existing pool. In the event an eligible installation is being done prior to a customer owning a residence served by Gulf Power, or upon an agreement between the customer and the licensed home builder constructing that residence, the builder will be eligible for the incentive.

All pumps and motors must be new, qualifying variable speed or variable flow pumps, operated with a qualifying controller if the controller is not built-in. **Two-speed pumps do not qualify for this incentive. In addition, pond, spa, pool cleaner/booster, and water feature pumps do not qualify.**

### Qualifying models include, but are not limited to the following:

- Flo Pro VS-FHP-2.0 (requires controller)
- Hayward EcoStar: SP3400VSP or SVRS-SP3400VSPVR
- Hayward TriStar: SP322063EEV (requires either SP3220VSC or SP3220VSCAQL drive/motor)
- Hybrid Pumps LLC: Hemi-X2 or X3
- Jandy/Zodiac ePump: JEP 1.5 or JEP 2.0 (requires controller)
- Pentair IntelliFlo: i1-11088; XF VS-22005; VF-11012; VS+SVRS-11017; VS-11018; VS-3050 11013
- Sta-Rite IntelliFlo: VS+SVRS-P6E6XS4H-209L; VS-3050 P6E6Y4H-209L; P6EVS4H-209L
- Sta-Rite IntelliPro: XF VS-23005; VS P6E6VS4H-209L; VS+SVRS-P6E6VS4H-209L
- Waterway Plastics Inc.: ECONO-VS; ECONO-VSA; ECON-VSC-165

**Itemized Paid Sales Receipt as Proof of Purchase:** Participating customers must submit to Gulf Power a completed incentive application form no more than 60 days after product/equipment installation. This application must be submitted with an itemized list of the **new qualifying product/equipment** purchased. The list must indicate date of purchase, and qualifying information about the product/equipment such as the size, type, make, model, and manufacturer's energy efficiency specifications.

**Incentive:** A one-time incentive of \$100 for qualifying products will be allowed per residence. Incentive will be paid in the form of a check.
